12.1 National regulations

If during the event a car goes off road and makes an impact of any importance or any nature, it has to be presented to the Scrutineers of the event in the area in front of "TC Podium".

Those Scrutineers will decide if the vehicle is in condition to continue the competition without risk for neither the crew nor the public.

If the repairs cannot be executed within the prescribed time, the Scrutineers will establish a report of nonconformity of the car for security reasons.

This will entail the automatic exclusion of the entrant. This decision

will be without appeal for the entrants and will entail the obligation of an inspection in the C.T.A.

(Technical Automobil Center) before any new entry in another (Belgian) road event.

When a vehicle went off road causing the retirement of the vehicle, the crew has to respect the rule here above mentioned by bringing the car back to the rally center before the end of the final scrutineering to have it inspected by the Scrutineers who will decide about the necessity of an inspection in the C.T.A. before a new entry of the vehicle.

Foreign cars are submitted to the same obligations during the event, nevertheless in respect of the legal obligations in its country of origin.

The Scrutineers before any new entry will pay special attention to it.

Entrants who disrespect this rule during a road event will automatically be exposed to a compulsory re-inspection of their vehicle in the C.T.A. and to the payment of 100,00 EUR to the ASN for administrative costs in case of non-declaration or non-presentation of the vehicle.

If none is injured,

the crew may restart and the accident will be considered as a fact of the race, being clear that the above mentioned declaration will have to be established in the same conditions.
